Letter No. Ae. 201/54-55 d 31-5-54 from the chairman, B.T.B. regarding continuance of L.A. section for a period of three years from 1-7-54.

1) submitted for perusal. In reasons stated, sanction is sought to continue the services of the Land Acquisition officer and the ~~Land~~ staff in the L.A. section (both basic and additional) referred to in the chairman's letter now received, for a period of three years with effect from 1-7-54, as their present term expires by the end of this month. The proposal is for orders.

No of cases involved	cases disposed of	cases outstanding as on 1-6-54

The ~~former~~ - In addition to the cases outstanding, viz 921, there will be additional 526 cases, as seen from the statement ~~filed~~ | R. (Page 3)

Of the old cases, the following require notice:—

a) Industrial suburbs scheme:— The total cases involved are 567 and 87 cases are pending still, though the acquisition of properties was sometimes as long back as 1946-47. It is not known whether these cases are still on the file of the L.A.O ~~or whether the lands involved are not required~~ awards being passed by him ~~or~~ for final ~~disposal~~ or whether any appeal has been filed against his award. The reasons for delay in their final disposal since 1947 have to be ascertained.

b) Jayanagar:— ~~700~~ Against 900 cases, 86 cases are pending. Recently, orders were issued to drop acquisition proceedings

Serial No.

in certain cases. It is not known why 86 cases are still on the file of the L.A.O since 1947-48 and whether all of them have to be finalised, barring those ordered to be ~~to be~~ withdrawn.

c) Ramakrishna Nagar extension :— The Board itself has resolved to postpone the scheme for the present. Further information was called for as to why schemes were allowed to grow in the area. ~~Why schemes were~~ & Why execution of work was postponed, though the scheme was sanctioned as long back as 1948. Acquisition of properties (cases involved are 24) may not be taken up for the present.

d) Ramachandrapuram Layout :— The number of cases is 558. Orders were issued to survey the area first & execute the scheme only after the parties agree to pay half of the cost. Acquisition of all the properties may not become necessary. This has to be examined

e) ~~Adilabyle~~ Adilabad :— As in the case of Ramachandrapuram Layout, the work is decided to be taken up only after the concerned parties pay layout charges. At the meeting held on 7/7/54, the Commr., C.C.S. incidentally brought to the

notice of the Leg. Secy, that the cost of acquisition in this area ranges from Rs 12,000 to Rs 13,000 per acre. There are 60 cases. It is perhaps desirable to advise the T.B. to reconsider their proposals & revise the scheme to minimise acquisition proceedings to the extent absolutely necessary and advise the L.A.O not to pass awards till final orders of govt obtained. Hence, these 60 cases can be omitted for the present.

b) Layout in Sampige Tank:— 27 cases are pending in one case it appears that in one case, the cost of acquisition is Rs 13,000/- per acre (this was brought to the notice of the Leg Secy by the Chairman.) The Board may perhaps be advised to revise the scheme & minimise acquisition in the area wherever absolutely necessary. The L.A.O. may not have much work, if this is agreed to

7) Basis of the actual cases disposed of by the L.A.O during the last ~~year~~ period he has been in charge of the office, the number of cases actually on his file, except those that are required to be disposed & those pending in the Court is not available. This data may perhaps be known only after the particulars year-wise are obtained.

8) As regards ~~new~~ cases referred to in the statement, the Chairman can say

Serial No.

perhaps be requested to limit acquisition proceedings in respect of cases involved in the sanctioned four-year programme only for the present on account of financial stringency. In view of this, L.A.O. will have no work at all.

9) As the term of the staff expires on 30-6-54, sanction may perhaps be accorded to continue the staff of the L.A.O upto the end of December, 1954 & the question of extending their term considered after the details are obtained. The Chairman may perhaps be requested to furnish the particulars within 8 days positively.

This matter is being pursued.

17) Now the request of the Chairman is to continue the staff for 3 years from 1-7-54. As the officials have to suffer without pay, the staff may be ordered to be continued for a period of 3 months in the first instance. Meanwhile the exact no. of officials required to handle the remaining cases will be ascertained so as to facilitate final orders being passed (Secy Dept).

Letter No. Acc. 592/54-55 & 25-9-54
from the Chairman, B.T.B.

27) In the light of the report* of the L.A.O. of the Trust Board, the following particulars are wanted in respect of the L.A. cases pending in the T.B.:— | * Pages 16 to 21.

Name of the scheme	cases that can be disposed of by the L.A.O. immediately	cases ~~that~~ in which the opinion of the Chairman or the T.B is necessary before they can be finally disposed of.	pending in courts of law.	Remarks.
Industrial suburb I stage	— Nil	— eleven	— ~~Nil~~.	—
2. Industrial suburb II stage	—	— 70	— ~~Nil~~.	395 in all.
Jayanagar	— 9	— 32	— ~~Nil~~	—
4. Ramakrishna Mutt Extension	— ~~Nil~~	— 24	— ~~Nil~~	— the question to take up the scheme at first time is still under consideration.
5. Vijaynagar	— Nil	— 8	— ~~Nil~~.	
6. Layout for Hospital Employees	— Nil	— 6	— ~~Nil~~	— the question of forming a layout in this area is going to be under the consideration of T.B.
7. First link Road Jayanagar	— Nil	— 6	— ~~Nil~~.	

8. Ramachandrapura Layout — Nil — 558 — Nil — The question of taking possession of the required number of Khatedars has to be considered only after complete survey of the area is made.

9. Doddabyllakara — Nil — 60 — Nil — do do.

10. Sampigehalli — 20 — Nil — Nil — The final decision of the T.B is required by the L.A. to decide these cases.

28) As seen from the above particulars, there are only 29 cases that could be disposed of immediately by the L.A.O. of these 29 20 relate to the Sampigehalli layout — in these cases the opinion of the Trust Board is required by the L.A.O. As regards other cases the definite opinion of the Trust Board is necessary before the L.A.O decides whether these cases are to be completed or not and the final number of cases to be taken by the L.A.O depends upon the decision that may be taken by the Board. Hence, it is the Board that has to consider first serious, in the light of the report of the L.A.O officer. and if the question is further delayed, there may be unnecessary complication and it may result in payment of interest from the back period in a few cases, having regard to the fact that the Board has already formed roads etc in certain lands, before the acquisition proceedings in respect of these lands are completed It is seen from the statement enclosed (page 23), 395 cases are pending in the

10) Continuance of L.A. section
— Bangalore Trust Board.

courts of law. No doubt these cases require ~~constant attention but not to the extent~~ constant attention.

29) In these circumstances, there is perhaps no need to have a ~~special~~ separate post of the L.A.O in the Trust Board. The S.D.O, Bangalore who is now appointed as Ex-officio L.A.O can dispose of all the 29 cases on hand immediately (of these 29, the 20 cases of Sampige halli, the definite opinion of the Chairman is also necessary and the Chairman may be requested to bestow his personal attention in the matter and to see that necessary instructions are given to the L.A.O. in this matter)

The T.B. want a separate L.A.O (Vide page 25)

30) As regards the staff employed in the L.A. section, ~~How ever~~ there is not so much work as to justify the continuance of the entire staff. The staff may perhaps be reduced as notes below:—

Basic staff

1) First Division clerk	one	May be retrenched as there is a Head clerk in the basic establishment (who is also a IP Division clerk)
2) Second Division clerk	one	May be retrenched as there is a IP Division clerk in the basic estt.
3) Process ~~Surveyor~~ Server	one	may be retained

31) The Chairman may be requested to decide immediately and send a report within a month to give us the number of cases that are absolutely required for the other schemes, so that the necessity of acquiring or otherwise of the properties which were notified long back, may be decided once for all. Both the post of the L.A.O and the staff as proposed in para 30 overleaf may for the present, from 1-11-54.

32) The proposals in paras 29, 30 and 31 are for orders with reference to paras 18, 19 and with reference to the report of 25-9-54 of the Chairman, Bangalore Trust Board (page 15)

33) There was a seperate L.A.O. hitherto. Now the work is entrusted to the S.D.O Bangalore. The S.D.O was complaining (on phone) that it has handicapped his regular work. Of the Strength of the Staff is also reduced, then the work may go out of control. It is better to Continue the existing staff till the

34) The Government Pleader discussed this matter sometime back with me. He said that a ~~permanent~~ full time LAO was necessary for the Trust Board for at least six months more, particularly to attend to the many cases pending in court. He felt that having a full time LAO would be more economical than having an Advocate part time and doing other work. I therefore feel that the decision taken to entrust the work to the LAO Bangalore may be revised.

35) The post of a LAO and the staff may be continued till the end of March 1955.

2. One 2nd Division Clerk on Rs.40-2-50 E.B.3-80.
3. One Process Server on Rs.25-1-30 T.A. Rs.10/-

Adverting to Government Order No.L. 21955/I.T.B.14-52-151 dated 21/23-3-53 and to Government Order No.L.5957-61/I.TB. 14-52-54 dated 30/31st July 1952 according sanction for the continuance of the services of the Land Acquisition Officer, the basic and additional staff as noted in the margin in the Land Acquisition Office of the Trust Board for a period of two years with effect from 1-7-52, I write to state that sanction expires by 30-6-54.

A Statement showing the particulars of schemes already sanctioned, the number of cases involved, number so far disposed of and the balance still pending disposal is enclosed for information. Another statement showing the schemes taken up afresh by the Board and in respect of which notifications have already been issued is also enclosed. According to these statements the total number of cases to be dealt with and disposed of will be 921 plus 526 or 1446 in all. In addition the following schemes are also under contemplation of the Board:

1. Palace Guttahalli Schemes (2) Gavipur Extension, (3) Green belt on the other side of Chord Road from Yesavanthapur to Mysore Road (4) Yediyur-Nagasandra Extension, (5) Layout in Devarajeevanahalli (6) Layout between Lalbagh Road and Double road in Wilson Gardens, (7) Jayamahal Layout (8) Mission Road Layout (9) Layout to the South of Palace Guttahalli (10) Layout of A.K. Colony in Palace Guttahalli (11) Layout of A.K. Colony in Vyalikaval Extension, Low level and (12) B.V. Krishna Iyengar's Road.

The preparation of Preliminary and Final Notifications in respect

P.T.O.

of the above schemes, issue of notices and award notices--preparation of bills and vouchers and other scriptory work have to be attended to by the present staff of 3 clerks and one typist. Added to this another important item of work is Court Work. For the present there are about 390 cases including about 40 execution cases. The work connected with these Court cases is laborious and one clerk has to attend the Courts almost every day and watch the progress of these cases.

There is thus sufficient work for the entire existing staff and I request that sanction of Government for the ~~continua-~~ xx continuance of the Officer with the entire staff for a further period of 3 years from 1-7-54 may be kindly obtained and communicated.

Pending approval to the continuance of the staff necessary provision has been made in the Budget for 1954-55.

Yours faithfully,

(P. Madhavan)
Chairman.

Bangalore

Subject:- Continuance of Land Acquisition Section.

With reference to your letter No.A.C.201/54-55 dated 31-5-1954 on the above subject, I am directed to state as follows:-

1) Industrial Suburb I & II Stages:-

The acquisition of properties was sanctioned in 1946. 8 cases are pendingin respect of I Stage and 74 are pending in the case of II Stage. The reasons for the delay in disposing of these cases since 1946 may be explained and it may be stated whether it is still necessary to complete these cases.

2) Jayanagar Scheme:-

The total number of cases are said to be 908 against which 86 cases are pending disposal. Recently orders were issued to withdraw from acquisition certain cases involved. Excluding the number of cases withdrawn as per recent orders, the number of cases still to be disposed of may be intimated. The reasons for the delay in the disposal of the remaining cases since 1947-48 may be explained, with information whether the acquisition of the remaining properties may not be dropped if it is not absolutely necessary.

3) Ramakrishna Mutt Extension:-

The Trust Board has already decided to postpone the execution of the scheme. The reasons for the inclusion of 24 cases now may be explained, when acquisition of properties is not necessary now.

4) Hyalikaval Extension:-

Though the scheme was sanctioned in the year 1949, 10 cases are still pending as against the total number of 20 involved. The reasons for the slow progress in the disposal of these cases for the last 5 years may be explained.

5) Sites of Hospital Employees:-

Why these six cases are shown to be pending, when the scheme was sanctioned as long back as 1949 and when there is no likelihood of the scheme being taken up for execution.

6) First Link Road in Rajajinagar:-

The reasons for the delay in the disposal of 5 cases since 1952 may be explained and whether it is necessary to complete these cases now.

7) Ramachandrapuram Scheme:-

The number of cases involved is 558. It may be explained whether it is necessary to take up all these cases, when the properties are proposed to be adjusted in the layout and whether the question of acquiring the properties involved may not be deferred now and taken up only after the parties concerned credit layout charges as already decided upon. The actual number of cases that may be involved consequent on the changes proposed in the scheme, may also be given.

8) Doddabylkhana Village:-

This work is decided to be taken up after the parties pay layout charges. The cost of acquisition in this area appears to be very high. The number of cases shown pending is 60. It may be stated whether the scheme may not be revised to minimise acquisition of properties to the extent absolutely necessary. This question requires careful examination before action is taken to start acquisition proceedings. Pending final decision in this case, it is also considered necessary to drop these 60 cases. Your opinion may be furnished in the matter.

9) Sampigehalli layout:-

27 cases are pending final disposal. Information may be furnished why there was delay in the disposal of these cases since December 1952 and whether the acquisition of properties may not be minimised to the extent necessary, having regard to the heavy cost involved in this case.

Having regard to the above facts, another statement may be furnished as to the actual number of cases which require to be disposed of by the Land Acquisition Officer and which may be closed immediately. No cases of unsanctioned schemes may be included in this statement.

The Special Land Acquisition Officer,
City Improvement Trust Board, Bangalo
23rd August 1954.

The Chairman,
City Improvement Trust Board, Bangalore.

Subject:- Continuance of Land Acquisition Section.

Reference:-Your Memo No.Ac.444/54-55 dated 2-8-54 forwarding for report, a copy of letter No.L.4834 dated 28-7-54 received from the Secretary to Government L.S.G. Department, calling for particulars re: pendency of Land Acquisition Cases.

In this connection, I desire to furnish the following particulars, in reply to the points raised by Government in the letter referred to above, in respect of every one of the schemes mentioned therein, on the basis of the latest instructions kindly issued by the Chairman, at the time of Officer's Meeting held on 20th August 1954 and of the work turned out at the office.

1. INDUSTRIAL SUBURB I & II STAGES:-

Out of 8 cases previously shown as pending in the I Stage, two have been since disposed of and the Engineer Officer is requested to send proposals in respect of these remaining six cases as also of the five cases pending in "Industrial Suburb North Zone". Both these sets of cases involve lands vacant portions of which have already been taken possession of and made use of for the for-mation of roads etc., and the remaining areas having clustres of irregular and unauthorised structures existing in the midst of areas taken possession of are to be laid out into sites. This requires a critical inspection and survey of every one of the structures and a careful laying out of such area having a two-pronged object in view as to regularise the area in conformity with the adjacent layout and at the same time reducing the

the acquisition and demolition of structures to the needed or unavoidable minimum.

It is these difficulties that have resulted in the delay in arriving at definite decisions on which further acquisition proceedings in respect of these cases would have to be taken up. However, as portions of all these lands have already been entered upon, acquisition of either such portions or the full extents notified would be unavoidable.

The 74 other cases, shown as pending against Industrial Suburb II Stage, stand on a different footing in so far as the lands involved in these cases have not been taken possession of and therefore either the delay that has so far elapsed since the date of notification or the probable time upto which the execution of the sanctioned schemes in these areas may have to be deferred to, for several reasons, does not result in the accrual of any interest. The four cases relating to Gavi Mutt have since been ordered to be withdrawn.

If, with the idea of reducing the present pendency of cases, immediate withdrawals and subsequent acquisition under fresh notifications of such deferred cases, is contemplated, it is felt that this reduction of pendency without any financial commitment, may result in having to face the requirement of a heavier financial burden by a fresh notification, resulting from the considerable increase in the potential value of such lands by reason of their situation in the midst of or adjacent to the well-laid out sites and roads formed by the Trust Board and the owners of lands would surely take advantage of these factors while claiming rate of compensation as high as they

as they desire. This risk could, in one way, be avoided by retaining such cases, as pendency under the present notification, which do not entitle the claimants to take advantage, of these newly added facilities and potentialities for consideration of the market value at the time of the Gazette Notification. Again, how long should we go with this kind of procedure, is also a thing to be considered.

So, in regard to all pending cases in the several sanctioned schemes taken up by the Board, unless it is felt that the execution of the schemes are to be finally dropped off, it is perhaps safer to retain them as pending and deferred for 2 to 3 years under the existing notifications rather than contemplating to withdraw and renotify them at a later date.

Coming to the point under issue the remaining 70 cases pending under the II Stage, will have to be disposed of in accordance with the decisions that may be reached in the matter.

2. JAYANAGAR EXTENSION:- It was also explained that out of 86 cases pending, 30 were since disposed of, 15 withdrawan, 8 deferred, 22 pending in different offices and 11 cases are pending at the office. Action will be taken to dispose of immediately 9 of the pending 11 cases which do not involve any decision or instructions by the Chairman and the remaining cases will be dealt with soon after instructions are received from the Chairman or fresh references received from other offices.

3. RAMAKRISHNA MUTT EXTENSION:- It is felt that kind instructions in the Chairman's Memo Dated 20-8-54

read with the elaborate explanations furnished in this report in respect of item 1, will furnish the required explanation sought for in the letter from Government.

4. VYALIKAVAL EXTENSION:- Out of the ten cases shown as pending, two relating to S.No.4 and Cramatara of Vyalikaval have been directed to be withdrawn from acquisition which will be disposed of accordingly. The remaining eight cases involve lands which have not yet been taken possession of and involve structural slum areas coupled with the question of having to continue the 80' road in a deep valley to the east of Parsee Burial Ground. These cases will have to be disposed of in conformity with the decision to be arrived at by the Chairman after his proposed inspection.

5. SITES FOR HOSPITAL EMPLOYEES:- The six cases will have to be disposed of after receipt of final orders of Government in the matter.

6. FIRST LINK ROAD IN JAYANAGAR:- The immediate withdrawal of the case in respect of S.No.36/1 of Siddapur and the disposal of the remaining cases after receipt of the required informations from the Assistant Engineer, Drainage Section will be attended to promptly.

7 & 8 RAMACHANDRAPURAM, DODDANYLAKERA AND HANUMANTHALLI LAYOUTS:-

All these three schemes present almost similar problems in having to fit in, to the contemplated layouts of the Trust Board, as many of the existing unauthorised structures as possible and fully acquiring the needed portions for Roads etc., and in this direction, a detailed survey of each of these areas would be necessary before proposing a layout and determination of the particular properties to be acquired. But,

But, in the absence of such work it was felt necessary to notify for acquisition, all the properties covered in the area, and to take the preliminary acquisition proceedings such as service of notices under Sections 9 and 10 of the Land Acquisition Act and to receive claim statements from the interested parties so that immediate awards could be passed in respect of any property which is at a later stage actually required to be acquired. Therefore, the notification of properties all of which may not have to be acquired may only indicate a big pendency of cases, as it seems as 558. at present, without involving much financial commitment to the same degree. As already explained, in case this scheme is to be pursued as contemplated, the present pendency of these cases will have to be continued until such time as the particular cases in respect of which definite acquisition has to be proceeded with, after preliminary surveys and proposals of layouts.

Anyhow, the cost involved in all these cases would only be commensurate with the number of properties to be inevitably acquired notwithstanding the large number of cases notified under each of the schemes.

9 SAMPIGEHALLI LAYOUT:- About 30 cases involving lands and structures were notified in the first instance on 3-12-52. So far 19 cases have been disposed of. 20 cases are now pending. Market value pertaining to these cases, is determined by me (as per my valuation note therefor) at Rs.4000/- per acre of Garden and Wet Lands, Rs.3600/- per acre of Dry and Rs.500/- per acre of Kharab. The same value or rate is given to the lands already awarded by me. But onething which I desire to mention here, is that the neighbouring lands when ~~xxx~~ acquired by the Commissioner, Municipal Corporation, City of Bangalore, the said Officer gave to those lands at Rs.7000/- per

(22)

per acre, irrespective of dry or Garden on the score that the said lands were purchased in 1944 at Rs.7,500/- per acre without bringing, thus the value so given within the meaning of "Market Value" as on the date of Notification (Vide Section 23 of the Land Acquisition Act). The said lands were also notified on 15-12- 1952 and Award passed by him on 29/30-3-53. This case, I came to know was also sent up in appeal to the Hon'ble High Court and a very high rate is given. If this precedent is applied to the casds which pertain to my acquisition, I do not know the finalcial burden which the Trust Board will have to bear. This unsettled position is rather threatening. This will have to be definitely settled by the Trust Board after careful consideration ~~thxxxx~~ and thought

In the circumstances explained above, the list of actual No. of cases pending that are to be attended by the Office is herein appended to.

Yours faithfully,

(Y.C.HOMBAIAYYA).
Special Land Acquisition Officer.

Proceedings of the Meeting of the Trust Board held on 11-8-1954:

Subject No.192.

Re: The Special Land Acquisition Officer attached to the Board.

The members were informed of the fact of transfer of Sri Y.C. Homballayya, Special Land Acquisition Officer to Saklespur and that no substitute has yet been posted in this place. The Chairman stated that at present 953 cases are pending both in the District Court and the High Court of Mysore at various stages. It was further impressed that the Land Acquisition Officer would many a times be required to attend the Courts to give evidence in the cases and a separate Officer would be necessary to see to the early disposal of the cases. The members were also informed of the view of the Local Self Government Secretary on the subject -- to attach the Land Acquisition Office for a short period of 3 months to the Sub Division Officer, Bangalore, and to study whether he could manage the Office and see to the early disposal of the cases. Apart from the above suggestion of the Secretary, it was proposed to continue the present Special Land Acquisition Officer for some time more in the Trust Board till the disposal of some of the very important cases pertaining to Vidhana Veedhi etc., are completed.

But Sriyuts B.Nanjappa, K.S. Kumaran and J. Lingiah were firm in their opinion that a separate Officer would be necessary to look to the early disposal of Land Acquisition Cases and the proposal of the Secretary would not be of any help but might perhaps lead to unnecessary delay in the disposal of cases.

After some discussion over the subject it was resolved:-

"That the Board is of the opinion that a separate Officer to look after the Land Acquisition Office and the Land Acquisition Cases is very necessary and Government be requested to post an Officer accordingly in the place of Sri Y.C. Hombalayya stands transferred."
